Dear

Further to your Freedom of Information Request, please find the Trust's response below:

Can you advise the following about your use of Risk Management systems in your trust? [Yes](#)

Do you use the Datix Risk Management System in your trust? [Yes](#)

If not, which Risk Management system do you use? [N/A](#)

How much is your annual license fee for Datix / Other Risk Management system annually?

Kindly note, Humber Teaching NHS Foundation Trust is unable to provide the information requested as this may be prejudicial to the commercial interests of the companies concerned and is therefore exempt under section 43(2) of the Freedom of Information Act 2000. Contracts are commercial activities, and by providing the requested information, the Trust feels this would prejudice the commercial interests of not only the provider of the software, but of the Trust itself, should it for example, wish to engage with the provider in the future. On engaging section 43(2), the Trust has considered the public interest in disclosing information as opposed to withholding it from disclosure.

Whilst the Trust recognises it may be said it is in the public interest to disclose information which allows for the scrutiny of the Trust's actions and decisions similarly, the Trust has to have regard for the fact that the Trust's commercial activities, including the procurement process in commissioning these products, are conducted in a way to ensure that public authorities are getting value for money when purchasing goods and services. As such the Trust considers this latter consideration means that it is in the public interest to withhold disclosure of this information.
