Dear

Further to your Freedom of Information Request, please find the Trust's response below:

Under the FOI Act, could I please request:

- the number of these patients who subsequently died from Covid-19.

If your trust has more than one hospital, please break down the figures by hospital. Please note this FOI concerns only inpatients who contracted coronavirus during their time in hospital.

Kindly note, Humber Teaching NHS Foundation Trust ("the Trust") is a multi-specialty provider of mental health, primary care and community services. The Trust is able to provide the following information:

The Trust has recorded a total of 18 patients who have tested positive for COVID following a negative test on admission.

None of these patients have died.
