Dear

Further to your Freedom of Information Request, please find the Trust's response below:

Please can you advise what clinical system you use and if you use a separate one for IAPT? Also, please advise who your main contact is for IAPT team and their details?

Humber Teaching NHS Foundation Trust ("the Trust") can confirm its clinical systems are SystemOne from TPP, Lorenzo from DXC and PCMIS from the University of York. The latter is used for IAPT Services within the Trust, specifically the Trust's Emotional Wellbeing Service ("EWS") who use PCMIS for data inputting.

The main contacts for the EWS are:

Lorna McKinley (Clinical Lead) – lmckinley@nhs.net
Steph Fletcher (Service Manager) – steph.fletcher@nhs.net

Kind regards,

Freedom of Information Team
