Dear

Further to your Freedom of Information Request, please find the Trust's response below:

Can you please let me know how much money the Trust has spent in each year over the last five years on:

- a.) legal representation for the trust at inquests
- b.) legal representation for the trust at inquests in which the coroner found there were failings in the care delivered to a patient/service user by the trust
- c.) legal representation for the trust at inquests in which the coroner issued a prevention of future deaths order with implications for the trust

For b.) and c.) can you also please let me know any details of changes made by the trust following the findings from these inquests.

Humber Teaching NHS Foundation Trust is indemnified by NHS Resolution for the cost of legal representation at inquests. The Trust does not hold the information you have requested. For information on the cost of legal representation at inquests please contact the NHS Resolution directly.

Contact details for the NHS Resolution are as follows:

Humber Teaching NHS Foundation Trust ("the Trust") has not received any Coroner's Regulation 28 Reports (prevention of future deaths reports) in the last five years.

When serious Incidents occur the Trust follows the guidance set out in the Serious Incident Framework (2015). This enables the Trust to understand how and why the incident occurred and

identifies changes to be made to prevent recurrence. The Serious Incident Framework focuses on the identification and implementation of improvements that will prevent recurrence of serious incidents. The framework provides a 60 working day timeframe for completion of reports therefore, any learning or changes to be made following a patient's death are identified and either implemented or are in the process of being implemented prior to the commencement of the inquest.
