Freedom of Information Request **19 192**

Our Reference: FOI 19 192 / AA / LB / LP
Name:
Date: 18 September 2019
Address:

Dear

Further to your Freedom of Information Request, please find the Trust's response below:

I am working as a Research Facilitator at Anglia Ruskin University, and I am looking into the impact of research surrounding weight of infants, particularly rapid weight gain.

I am sending this email in the hope that someone will be able to provide me with the Health Visitor Growth policy for all areas that Humber Teaching NHS Foundation Trust delivers Health Visiting services for.

Humber Teaching NHS Foundation Trust ("The Trust") does not have a dedicated policy for growth management in infants.

The Trust Health Visiting Service currently updates practice and review procedures in reference to the Healthy Child Programme evidence base. This is supported with the use of Standard Operating Procedures which refer to Royal College of Physicians and Child Health and NICE guidance.

NICE guidance is reviewed as part of governance meetings to ensure compliance across the service with recommended practice.

Kind regards,

Freedom of Information Team
Humber Teaching NHS Foundation Trust
