Dear

Further to your Freedom of Information Request, please find the Trust's response below:

We would like to know how many children and young people from Hull and the East Riding/Northern Lincolnshire area were sent out of the immediate area for inpatient treatment in the past three years.

So
2018/19
2017/18
2016/17

Plus we would like to know how many children have already been sent to units outside of the East Riding/Northern Lincolnshire area in this current year.

In addition we would like to know how many children and young people diagnosed with mental health disorders by your staff have had to be looked after in acute hospitals on general children's wards during the same three years and also during the current year too.

Humber Teaching NHS Foundation Trust is unable to provide the information requested, as we do not hold the information. NHS England is responsible for commissioning inpatient mental health care for children and young people and would hold this information.

Kind regards,

Freedom of Information Team
