Dear

Further to your Freedom of Information Request, please find the Trust's response below:

I am writing to request information under the Freedom of Information Act 2000 regarding the activity of hospitals within your foundation trust.

In order to assist you with this request, I am outlining my query as specifically as possible.

I would like to know whether hospitals within your foundation trust a) nitrite-cured ham in their meals and b) other processed meats containing nitrites in their meals, including but not limited to bacon, salami or chorizo.

Humber Teaching NHS Foundation Trust can confirm that the food used in its inpatient settings does contain nitrites however we are unable to confirm quantities as our systems do not collect this data.

Kind regards,

Freedom of Information Team
